

ELEMENTUM SCOUT & STAFF CANVAS WALL TENT

By adding windows, our Elementum Canvas Wall Tents provide fresh air to campers while still keeping them safe and dry.

A STEP ABOVE

Great Fit

Guaranteed to fit with our Orion tent frames. Reinforced in all the right places to make this fit last for many years.

Airflow

Windows in side walls or doors bring airflow inside while keeping rain and bugs outside.

Thoughtful Design

Waterproof out of the box. No seasoning required.

OUR LEGACY

This is generational for us. Since 1881 Diamond Brand Gear has been committed to creating high quality USA made camping and hiking gear. With a strong passion in scouting and a long relationship with camps, we are dedicated and continue to be dedicated to building products you can trust, use, and love.

ELEMENTUM SCOUT & STAFF CANVAS WALL TENT

ACCESSORIES

ORION TENT FRAMES

Hold your wall tent up with confidence. Our specifically engineered galvanized steel frames provide the support you demand season after season. Easy to assemble, portable, and built to fit just right, these semi-permanent frames will keep your tent happy outdoors for years to come. *Tent frames available in all tent sizes.*

STRATUM AIR SCREEN DOORS

Ventilation and privacy come together with our screen doors. We use Phifer Glass screen with vinyl reinforcement at the top in order to bring together security, durability, and privacy. The vinyl kick guard at the bottom of the doors protect your tent from dirt and wear. Attach with ease by velcroing the straps along the edge to the frame. Since the screen door is removable, it is easy to remove for service and repairs. A #10 zipper opens and closes the door with along pull cord. *Screen doors available in all tent sizes.*

STRATUM TENT FLYS

SUN

Make your wall tent a shady sanctuary for campers. This tan mesh shade fly is designed to keep the heat at bay on those hot summer camp days. *Shade flys available in all tent sizes.*

RAIN

Give your tent the ultimate protection by adding a rain fly. Designed to protect your tent from rain, sun and wind, this fly will help you get the most "bang for your buck" out of your tent. Choose a 4' or 8' extension to create a front porch that is sure to bring your campers back season after season. *Rain flys available in all tent sizes.*

STRATUM EARTH FOOTPRINTS

Give your platform an extra seal from the elements. This removable, easy to clean addition will keep the bugs out and warm air in. We seal the seams to prevent any leakage, giving you the option of a 4-season tent. Made from 10oz Magnatuff PVC coated polyester, our footprints are puncture and tear resistant. The footprint lays just inside the frame, and simply attaches to the platform by screwing to platform using the grommets. *Footprints available in all tent sizes.*
